Re: City of Sammamish Permit No. SSDP 2014-00171
Shoreline Substantial Development Permit (SDP) 2015-NW-2891

Dear Mrs. Auld:

On July 9, 2015, the Department of Ecology received notice that the City of Sammamish approved your application for an SDP. Your permit authorizes widening and paving of the southern portion of the East Lake Sammamish Trail. The project scope also includes installation of fencing, drainage facilities, retaining walls, critical areas mitigation, and traffic control measures.

By law, local governments must review all SDPs for compliance with:

- The Shoreline Management Act (Chapter 90.58 RCW)
- Ecology's Substantial Development Permit approval criteria (Chapter 173-27-150 WAC)
- The City of Sammamish Local Shoreline Master Program

Local governments, after reviewing SDPs for compliance, are required to submit them to Ecology. Your approved SDP has been received by Ecology.

What Happens Next?

Before you begin activities authorized by this permit, the law requires you wait at least 21 days from July 9, 2015, the "date of filing." This waiting period allows anyone (including you) who disagrees with any aspect of this permit, to appeal the decision to the state Shorelines Hearings Board. You must wait for the conclusion of an appeal before you can begin the activities authorized by this permit.

The Shorelines Hearings Board will notify you by letter if they receive an appeal. We recommend you contact the Shorelines Hearings Board before you begin permit activities to ensure no appeal has been received. They can be reached at (360) 664-9160 or <http://www.eho.wa.gov/>

Other federal, state and local permits may be required in addition to this shoreline permit.
